COMPLAINT REDRESSAL & FEEDBACK MECHANISM

The Project Complaint Redressal & Feedback Mechanism will ensure stakeholders' complaints and grievances are received, reviewed and timely resolved. It is designed to provide prompt and efficient feedback while recognizing the right of stakeholders to register complaints against inappropriate behavior, harassment or misconduct related to project processes limiting beneficiary participation and services rendered by the project.

REGISTERING THE COMPLAINT

This feedback mechanism allows registration of complaints both in written or verbal medium, in person at the local partner organization office and or activity /event location, over the phone, via e-mail or through post directed to the local focal person identified for the purpose. The following minimum information will be required to log a complaint - name of the complainant, CNIC number, physical address, mobile /contact number, and nature of the complaint. Anonymous complaints will not be entertained.
