

# Prime Minister's Interest Free Loan Programme

The Government of Pakistan has entrusted the Pakistan Poverty Alleviation Fund (PPAF) to lead the design, implementation, and monitoring of the Prime Minister's Interest-Free Loan (PMIFL) Programme. This flagship initiative empowers the poorest and most vulnerable households by providing them with interest free loans and financial services—opening access to opportunities that can transform lives. These loans are used to set up small new enterprises or expand existing ones, helping individuals build sustainable livelihoods. With easy, client-friendly repayment plans, the programme ensures that financial support remains accessible and manageable, enabling borrowers to thrive without the burden of interest. Through strong partnerships with microfinance lending organisations, PPAF continues to drive inclusive economic growth and long-term poverty alleviation efforts across the country.
